

Auxein Showcased Revolutionary Orthopaedic Solutions at Trauma Conclave 2024

Chennai, India, November 13, 2024 – Auxein, a global leader in orthopaedic solutions, proudly participated in the **Upper Limb Trauma Course** at the **Trauma Conclave 2024**, held at **Chettinad Hospital & Research Institute, Chennai**. The event, organized by the **Orthopaedic Association of South Indian States (OASIS)**, was attended by leading surgeons, healthcare professionals, and orthopaedic experts. Auxein's participation was met with exceptional enthusiasm as the company showcased its innovative orthopaedic solutions, designed to improve patient care and enhance surgical outcomes.

During the event, Auxein presented its advanced range of orthopaedic implants, including cutting-edge trauma plating systems, screws, and customized solutions aimed at addressing upper limb trauma. The company's booth attracted significant attention from attendees, who were eager to explore Auxein's high-quality, patient-centric products, which are designed to facilitate faster recovery and more effective treatment for upper limb injuries.

"We were extremely pleased with the response we received at Trauma Conclave 2024," said **Mr. Rahul Luthra, Vice President of Global Sales & Marketing at Auxein**. "Our products were well-received by surgeons and medical professionals, reinforcing Auxein's position as a leader in the global orthopaedic market. The event provided an invaluable platform to showcase our latest innovations and engage directly with experts in the field."

The **Upper Limb Trauma Course** was a hands-on, interactive workshop featuring **case-based discussions**, faculty demonstrations, and one-on-one interactions with surgeons. Auxein's participation in the event aligned perfectly with the focus on improving trauma care, and the company's innovative solutions were showcased as vital tools for treating a wide range of upper limb injuries, from shoulder and elbow fractures to wrist and hand trauma.

In addition to exhibiting its advanced trauma solutions, Auxein highlighted its commitment to advancing orthopaedic technology through its recent achievements, including the **becoming Asia's first orthopaedic implant manufacturing organization to achieve EU-MDR Certification for trauma plating, screws, and nailing systems; its groundbreaking research on bioabsorbable screws**; etc. These innovations are a testament to Auxein's continuous efforts to improve patient outcomes and reduce post-surgical complications.

Auxein is also proudly participating in MEDICA 2024, currently underway in Düsseldorf, Germany from November 11-14, 2024. Auxein is showcasing its latest advancements in orthopaedic solutions at this prestigious global event. Stay tuned for more updates on the groundbreaking innovations being presented by Auxein at MEDICA 2024.
